

JURISDICTION OF THE SCHOOL

A member of the Residential Faculty acts “*in loco parentis*” regarding all interactions with a boarder. This means the Residential Faculty functions in a parent-like capacity for the student, and a boarder is under the jurisdiction of the school from the time he/she arrives at school until he/she departs at the close of the academic year. Exceptions are when the boarder is away during a school vacation. All students are under the jurisdiction of the school while traveling to, returning from, and attending any Lugo International School function or activity.
